

Minimum Server Requirements for SQL Server/Express and MSDE

<p>Hardware Requirements</p> <ul style="list-style-type: none"> • Pentium-Class or Xeon processor (2 GHz or faster) • 1GB RAM • 2GB of free disk space + (3 x Approximate database Size). This will need to increase as your database size increases. A RAID array should be installed depending on your tolerance for disk failure. Microsoft recommends that write-caching capabilities of disk controllers be disabled (unless the manufacturer specifically specifies SQL Server database compatibility). • CD ROM Drive • 100 Mbps Ethernet connection from server to workstation
<p>Software Requirements</p> <ul style="list-style-type: none"> • Microsoft™ Windows 2000 or Windows 2003 Server (including all updates and Service Packs) • Peer-to-Peer network, using either Windows 2000 PRO or Windows XP Pro. <i>(Peer-to-Peer networks are networks that do not use a dedicated file server, so a single, dedicated machine is not required to allow the computers to share files. This means that all the computers on the network have the option to share their resources. An example of a peer-to-peer network would be two or more connected computers.)</i>
<p>Microsoft Terminal Server or Citrix Server (REMOTE ACCESS ONLY)</p> <ul style="list-style-type: none"> • Printers compatible with hosting server • User access license for hosting server
<p>Licensed copy of MIP™ Advantage Series/Pro Series</p> <ul style="list-style-type: none"> • MIP™ Encumbrance Module is required for the Microix Requisition Module • MIP™ Payroll Module is required for the Microix Timesheet Module

Application Server for deploying over the Web using Terminal or Citrix Server (Optional)

<p>Hardware Requirements</p> <ul style="list-style-type: none"> • Same as SQL Server Requirements • RAM should be increased based on the total number of users who will be accessing the application simultaneously. The software will consume approximately 50MB of RAM per user • Additional Terminal or Citrix Server licenses

Minimum Workstation Requirements

<p>Hardware Requirements</p> <ul style="list-style-type: none"> • 500 MHz Intel Pentium processor • 512 MB RAM • 150 MB Free Disk Space • SVGA 800x600 or higher • 100 Mbps Ethernet connection from server to workstation • Local or network laser printer
<p>Software Requirements</p> <ul style="list-style-type: none"> • Microsoft™ Windows 2000, Windows XP or VISTA, including all updates and Service Packs: • SMTP or MAPI Mail Server • Microsoft™ MDAC 2.8 or higher
